

RAINIER COURT TENANTS DEMAND JUSTICE!

NO RENT INCREASES!

FIX THE HOUSING CODE VIOLATIONS!

March to SEED (landlord) offices!

Friday, Nov. 5th

***Meet at Rainier Court
courtyard at 1:00 PM!***

***Transportation
provided!***

Join tenants at Rainier Court (Dakota, Spokane, Columbia Garden, Courtland Place) and community supporters as we march to SEED (SouthEnd Effective Development) offices in Columbia City demanding fair treatment of the hundreds of low income, mostly Black, immigrants and seniors tenants living at Rainier Court.

For years, SEED, the owner and landlord of the Rainier Court apartments, has ignored maintenance requests creating a years-long backlog, allowing the residents of Rainier Court to live in deplorable conditions. Hundreds of tenants are living without heat, suffering from rampant mold and leaks, as well as bed bug and cockroach infestations. **On top of that, SEED has the nerve to raise rents by \$100, and more than that for some tenants!**

Join your neighbors to say enough is enough! We march on Friday to demand that SEED executives (the landlords):

- ★ Rescind rent increases! And refund the rent increases tenants paid in October and/or November!
- ★ Immediately fix the hundreds of housing code violations that have led to deplorable living conditions!
